

JET ROAD GORE-TEX® GLOVE

ALL WEATHER RIDING / TOURING

100% waterproof twin-layer GORE-TEX® full-length wrist affords hermetic fit around jacket sleeves.

Full leather palm construction with reinforced synthetic suede areas offers greater control.

A premium touring glove that can handle just about anything the weather throws at it the Jet Road Glove features GORE-TEX® guaranteed waterproofing technology and thermal insulation. Rigorously tested protection innovations, a durable leather and textile construction, reflective detailing for riding in poor conditions and a convenient visor wipe, the Jet Road in a must-have waterproof winter glove range.

CONSTRUCTION

- Innovative leather, stretch polyamide and textile construction for optimized levels of comfort and performance.
- Full leather palm construction with reinforced leather areas offers greater control.
- Exclusive fit and shaping template used across Alpinestars glove range to improve consistency of feel and comfort.
- Innovative multi-layered structure incorporates a full thermal layer and a foam layer to retain heat, a waterproof membrane plus a Primaloft® lining for unsurpassed thermal capabilities.
- 100% waterproof twin-layer GORE-TEX® full-length wrist affords hermetic fit around jacket sleeves.
- Alpinestars' track-proven polymer knuckle protection system for superior impact and abrasion resistance.
- Alpinestars' patented third and fourth finger-bridge prevents contortion and separation of the fingers in the event of impact slide.
- Thermo-formed foam padding on the knuckle, fingers, wrist and palm zones offers added protection.
- Strategically placed reflective detailing improves rider visibility in poor or night-time riding conditions.
- Helmet visor wipe strip mounted on thumb for ease of use.
- Flexible accordion textile panels on fingers for increased maneuverability and fit.
- Double Velcro® wrist closure system ensures full, secure and water-tight closure with jacket sleeve.
- Water draining eyelet on outer cuff layer.
- Touch-screen compatible finger-stylus for use with bike navigational systems.
- Available in international sizes **S-3XL**.
